

Andrea Luzon

Legacy Liberator

"I empower women to rebuild their self-love, self-trust and self-choice by reclaiming their identity lost in childhood, marriage, career, and child-rearing."

About Andrea

After recovering from a life-threatening panic attack, Andrea Luzon created her life's work: helping overwhelmed women avoid exhaustion by CLAIMING THEIR LOVE LEGACY & AWAKENING THEIR FREEDOM before it's too late.

She helps women reestablish authority and freedom in their life by rediscovering their desires, releasing their hidden blocks, and taking actions aligned with their authentic soul-connected vision.

Through Reconnective Healing™ bioenergy healthcare and Legacy Liberation Coaching, she will teach your audience members how to reawaken their Love Legacy and live the fulfilled life their soul is calling them towards.
